Our story

Occupational Performance Specialists, OPS, commenced business in 2001 specialising in the provision of Occupational Therapy services.

Occupational Therapy is a health profession concerned with enabling people of all ages who may have physical, mental and or social challenges to participate in their activities of everyday life, thereby, promoting their health and well being through occupation.

OPS have a team of experienced consultants able to offer our clients a range of Occupational Rehabilitation, Medical and Like services and training programs in metropolitan and regional Victoria.

OPS also supply a range of ergonomic home wares, Ergo-Wares®. This fantastic range of quality products take the effort out of doing the housework, gardening and much more.

Please do not hesitate to contact our office if you have any questions or would like further information on our services and ergonomic home ware range.

Return to work services

OPS Return to Work services assist injured worker's to return to or remain at work with their injury employer. Our focus is on early intervention and maintaining injured worker's at work.

Medical and like services

OPS Medical and Like services assist injured worker's to maintain their independence in the performance of their daily activities including,

- *Worksite Assessments*
- *Driving Assessments*
- *WorkCover Household Help Assessments*
- *Functional Education Programs*
- *Attendant care Assessments*
- *Home modifications*
- *Seating and bedding Assessments*

Ergo-Wares®

OPS supply a range of quality ergonomic home ware products to assist clients to maximise their independence and productivity in completing routine tasks within the home and garden.
